

Management of COVID-19 for Barns Green Players – Panto 2022

All cast members and support members 18 and over need the following status to be involved with the Panto. This protects both the cast and the production to the best possible level.

Full Vaccination

Everyone must be double jabbed and be able to show a COVID-19 NHS Covid Pass, either available on the NHS app, or a Letter obtained from the NHS website or a call to 119.

Where a third booster jab has been offered this needs to have been taken.

This needs to be checked by the producer and logged

If not fully vaccinated, we require a Negative PCR or lateral flow test

You must be able to show a negative result within the last 48 hours before you would be allowed to enter the village hall for rehearsals, Technical etc and show days.

This needs to be checked by the producer and logged

Printed on tickets for customers and on booking page:

Seating

We have reduced the number of seats available for each performance from 180 to 128 to give more room in the main hall for our audience.

What to bring with you?

As well as maintaining our rigorous cleaning and hygiene in the venue, we will currently be requiring **all adult customers** and our cast and support to **provide COVID-19 status certification**. This can be confirmation you are fully vaccinated via the NHS App, proof of a negative PCR or lateral flow test, or proof of natural immunity.
