

SPEECH DAY

A youth production by Barns Green Players

Barns Green Players are busy rehearsing for a youth production this October. Speech Day focuses on some of the pupils at Barns Green Academy. The older girls are fed up with school and don't understand why they have to learn Algebra and other boring subjects. They are also dreading the fast-approaching Speech Day where they traditionally have to perform songs and poems from a by gone age. They would much rather perform modern songs with up-to-date dance routines.

Everything is going as per usual until just before Speech Day is due to start. The two teachers responsible for putting together the Speech Day performance mysteriously go missing. Who locked the teachers in their office? What will the headmaster do to entertain all the parents and special guests? Will the pupils get to perform their own choice of songs? All will be revealed

Speech Day will be performed at Barns Green Village Hall by an under 18 cast from Barns Green Players on Friday 16th and Saturday 17th October. The Friday and Saturday shows will start at 7pm. There is plenty of free car parking and there will be a bar and other refreshments available.

Tickets are just £7 with £5 concessions and will be on sale from 1st September

It is going to be a great show so get your tickets and support the wonderful young performing talent from Barns Green Players
